
2017-18 ANNUAL REPORT
NORTH HILLS COMMUNITY OUTREACH has a simple mission: to address the needs of people in crisis, hardship and poverty.

In fiscal year 2017-18, NHCO provided 30,443 services and compassionate, immediate, effective help to 3,486 local families in need.

We envision northern Allegheny County as a sharing community where no one should be cold, hungry or alone.
After 31 years, North Hills Community Outreach remains true to its mission of helping local people in crisis, hardship, poverty and is still guided by four values: faith, compassion, empowerment and stewardship. We do this in partnership with you, our community, our supporters.

Through times of change and uncertainty we take comfort and find stability in these values. They guide us as we work together to make sure that in northern Allegheny County we meet the needs of all the families who make this area their home.

Our faith is apparent in our belief and practice in loving and caring for each other in our times of need.

Our compassion is evident in the hours spent tending our organic garden to provide healthy fresh food for our families, in providing a listening ear for someone who doesn’t know where to turn, or in distributing coats or food.

Your contributions empower families to break the cycle of poverty and regain self-sufficiency.

Your support enables staff, volunteers and struggling families to be excellent stewards of the funds and items we receive when they are most needed.

These values inform our programs and services. They guide the holistic help we provide to people in need and affirm the kindness of our donors, volunteers and supporters.

In this annual report, North Hills Community Outreach celebrates our values, which made all our accomplishments in the past year possible.

Together, we remain an organization of People Helping People.
Faith
Recognizing the love of God for every person

1,043 FAMILIES were served in NHCO’s three food pantries

49 older adults received extra food through Senior Commodities

$470,501 in food & grocery certificates were distributed

NHCO’s Food Pantries provide ongoing food support, emergency food and healthy food education. Our annual Sharing Projects provide “beyond the basics” items for struggling families.

This allows families to set aside funds for more urgent needs such as utility bills, medical care and rent.

By the very act of giving, you are demonstrating “Faith: recognizing the love of God for every person.”

832 children received new backpacks & school supplies

(we shared items with other agencies for 364 children)

251 families at NHCO and 9 other organizations received 2,000 winter coats

621 families at NHCO and 4 other organizations received complete Thanksgiving dinners

213 families received utility credits (Sharing Winter Warmth)

916 children received new holiday gifts

337 families received complete spring dinners

331 families received spring cleaning products

$299,930 in financial and in-kind assistance was provided, including Sharing Projects, household goods, furniture & clothing
Compassion
Treating all individuals with dignity, understanding and caring

544 Families received utility assistance

114 Families received help with LIHEAP and CRISIS applications

178 Families received Dollar Energy Grants

100 Families received housing assistance including rent & security deposits

“After my son and loved ones passed away, Outreach was a big help! The drivers have become my friends...it’s wonderful to see people who help those in need.”

We helped 640 seniors live healthy and safe with dignity in their homes.

With your compassionate help, those seniors received 12,935 services!

267 seniors received 7,651 rides on our two Free Rides for Seniors shuttles*

* funded by St. Margaret Foundation
A classically trained musician, Andrea’s health was declining due to a degenerative nerve disease. She arrived at North Hills Community Outreach with no money and no job. She and her children were living in a cramped apartment, and her children were struggling emotionally.

She entered NHCO’s Pathways program with the goal of finding employment.

An NHCO Pathways coordinator met with Andrea twice a month, providing resources and guidance. But the hard work was Andrea’s. She got a job and learned to navigate the social services system. Her children received counseling; one entered college. Andrea is now living independently and happily.

Pathways is funded by Allegheny County Department of Human Services.

"...thank you for replacing my shopping cart...helping me with medical and SNAP... faxing all my papers to Dept. of Human Services. I really appreciate it a lot!"

- Pathways participant

Pathways Program empowered Andrea to reach her goal

4 people received $7,085 in matching FSA grants for home repairs and a down payment on a home

18 individuals attended "Let’s Cook" classes to learn healthy eating on a budget

153 individuals received legal resources including 92 who received free legal consultations through our Ask the Attorney program

105 individuals received employment services

10 non-traditional students received $13,374 in Education Assistance

373 households received Free Tax Preparation help

54 individuals participated in our Pathways Program
Stewardship

Managing our resources in a trustworthy, responsible manner for the good of the community

Transportation Assistance

expanded to serve even more people!

Donated vehicles were sold at auction; funds helped struggling families with vehicle repairs, gas cards, CONNECT cards, car seats, ride shares and AAA memberships.

202 individuals received services

Of those, 137 families received $11,021 in emergency transportation assistance!

- AAA memberships, bus passes, car seats, insurance payments
- Financial assistance for car repairs
- 82 vehicles were donated in support of the program
- 12 low-income working families purchased vehicles

Rosalinda Sauro Sirianni Garden produced a RECORD 4,934 pounds of organic fruits and vegetables for our three food pantries... valued at $26,140!

AmeriCorps KEYS garden volunteer Taylor Thorp (above) worked with youth volunteers, mentored interns and created workshops for young people.
